

SOUND & VISION[®]

CERTIFIED and RECOMMENDED

The **Thiel Audio SCS4 speakers and SS1 subwoofer** has been **Certified & Recommended** by the *Sound & Vision* editorial team in our September issue. This accolade lets our readership know that your product is among the very best we've ever tested.

The product will appear in *S&V's* Best, our regular survey of the top products to buy, both in print and online. Also, please note that a **Certified & Recommended** distinction automatically puts this product in contention to win a *Sound & Vision* **Editors' Choice Award**. The **Editors' Choice Awards** will be unveiled in the February/March 2009 issue, and they will be handed out to all of the winners in person at *S&V's* special event at **CES 2009** in Las Vegas next January.

Again, congratulations on having your product **Certified & Recommended**.

Regards,

Mike Mettler
Vice President/Editor-In-Chief, *SOUND & VISION*
